MANAGEMENT INFORMATION CIRCULAR

GENERAL PROXY INFORMATION AND CIRCULAR DISCLOSURE

Persons Making the Solicitation

This Information Circular is being furnished in connection with the solicitation of proxies by the management of Centenera Mining Corporation (the “Company”) for use at the annual general meeting (the “Meeting”) of the holders of common shares in the capital of the Company (the “Shareholders”) to be held in the Main Boardroom of the offices of the Company at Suite 2300 – 1177 West Hastings Street, Vancouver, British Columbia, Canada on Monday, June 18, 2018, at 9:00 a.m. (Vancouver time) for the purposes set forth in the accompanying Notice of Meeting. While it is expected that the solicitation of proxies will be primarily by mail, proxies may be solicited personally or by telephone by the regular employees of the Company at nominal cost. The Company may reimburse Shareholders’ nominees or agents (including brokers holding shares on behalf of clients) for the cost incurred in obtaining authorization from their principals to execute proxies. All costs of solicitation will be borne by the Company. None of the directors of the Company have advised that they intend to oppose any action intended to be taken by management as set forth in this Information Circular.

Appointment and Revocation of Proxies

The individuals named in the accompanying form of proxy (the “Proxy”) are directors or officers of the Company. **A SHAREHOLDER WISHING TO APPOINT SOME OTHER PERSON (WHO NEED NOT BE A SHAREHOLDER) TO ATTEND AND ACT FOR THE SHAREHOLDER AND ON THE SHAREHOLDER’S BEHALF AT THE MEETING HAS THE RIGHT TO DO SO, EITHER BY INSERTING SUCH PERSON’S NAME IN THE BLANK SPACE PROVIDED IN THE FORM OF PROXY AND STRIKING OUT THE TWO PRINTED NAMES, OR BY COMPLETING ANOTHER FORM OF PROXY.** A Proxy will not be valid unless the completed, dated and signed Proxy is received by Computershare Trust Company of Canada, Proxy Department, at 8th Floor, 100 University Avenue, Toronto, Ontario, Canada, M5J 2Y1 by 5:00 p.m. (Toronto time) on June 14, 2018, or if the Meeting is adjourned or postponed, not less than 48 hours (excluding Saturdays, Sundays and holidays) before the date to which the Meeting is adjourned or postponed. Telephone voting can be completed at 1-866-732-8683, voting by fax can be sent to 1-866-249-7775 or 416-263-9524 and Internet voting can be completed at www.investorvote.com.

Late proxies may be accepted or rejected by the Chairman of the Meeting at his discretion and the Chairman of the Meeting is under no obligation to accept or reject any particular late proxy. The Chairman of the Meeting may waive or extend the proxy cut-off without notice.

A Shareholder who has given a Proxy may revoke it by an instrument in writing executed by the Shareholder or by the Shareholder’s attorney authorized in writing or, if the Shareholder is a corporation, by a duly authorized officer or attorney of the corporation, and delivered either to the registered office of the Company, at Suite 1170 – 1040 West Georgia Street, Vancouver, British Columbia, Canada, V6E 4H1, at any time up to and including the last business day preceding the day of the Meeting or any adjournment of it or to the Chairman of the Meeting on the day of the Meeting or any adjournment of it. A revocation of a Proxy does not affect any matter on which a vote has been taken prior to the revocation.

If you are a non-registered Shareholder, please follow the instructions from your bank, broker or other financial intermediary for instructions on how to revoke your voting instructions.

Exercise of Discretion

If the instructions in a Proxy are certain, the shares represented thereby will be voted on any poll by the persons named in the Proxy and, where a choice with respect to any matter to be acted upon has been specified in the Proxy, the shares represented thereby will, on a poll, be voted or withheld from voting in accordance with the specifications so made. **If you do not provide instructions in your Proxy, the persons named in the enclosed Proxy will vote your shares FOR the matters to be acted on at the Meeting.**

The persons named in the enclosed Proxy will have discretionary authority with respect to any amendments or variations of these matters or any other matters properly brought before the Meeting or any adjournment or postponement thereof, in each instance, to the extent permitted by law, whether or not the amendment or other item of business that comes before the Meeting is routine or contested. The persons named in the enclosed Proxy will vote on such matters in accordance with their best judgment. At the time of the printing of this Information Circular, the management of the Company knows of no such amendment, variation or other matter which may be presented to the Meeting.

Advice to Non-Registered (Beneficial) Shareholders

The information set out in this section is important to many Shareholders as a substantial number of Shareholders do not hold their shares in their own name.

Only registered Shareholders or duly appointed proxyholders for registered Shareholders are permitted to vote at the Meeting. Most of the Shareholders of the Company are “non-registered” Shareholders because the shares they own are not registered in their names, but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the shares.

More particularly, a person is not a registered Shareholder in respect of shares of the Company which are held on behalf of that person (the “Non-Registered Holder”) but which are registered either (a) in the name of an intermediary (the “Intermediary”) that the Non-Registered Holder deals with in respect of the shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans), or (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited) of which the Intermediary is a participant. In accordance with the requirements of National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“NI 54-101”) of the Canadian Securities Administrators, the Company has distributed copies of the Notice of Meeting, this Information Circular and the form of Proxy (collectively referred to as the “Meeting Materials”) to the clearing agencies and Intermediaries for onward distribution to Non-Registered Holders.

Intermediaries are required to forward the Meeting Materials to Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them. Very often, Intermediaries will use service companies (such as Broadridge Investor Communication Solutions) to forward the Meeting Materials to Non-Registered Holders. Generally, if you are a Non-Registered Holder and you have not waived the right to receive the Meeting Materials you will either:

- (a) be given a form of **proxy which has already been signed by the Intermediary** (typically by a facsimile stamped signature) which is restricted to the number of shares beneficially owned by you, but which is otherwise not complete. Because the Intermediary has already signed the proxy, this proxy is not required to be signed by you when submitting it. In this case, if you wish to submit a proxy you should otherwise properly complete the executed proxy provided and deposit it with **Computershare Trust Company of Canada**, as provided above; or

- (b) more typically, a Non-Registered Holder will be given a voting instruction form which is not signed by the Intermediary, and which, when properly completed and signed by the Non-Registered Holder and **returned to the Intermediary or its service company**, will constitute voting instructions (often called a “proxy”, “proxy authorization form” or “voting instruction form”) which the Intermediary must follow. Typically, the voting instruction form will consist of a one page pre-printed form. Sometimes, instead of the one page printed form, the voting instruction form will consist of a regular printed proxy accompanied by a page of instructions that contains a removable label containing a bar-code and other information. In order for the proxy to validly constitute a voting instruction form, the Non-Registered Holder must remove the label from the instructions and affix it to the proxy, properly complete and sign the proxy **and return it to the Intermediary or its service company (not the Company or Computershare Trust Company of Canada)** in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of these procedures is to permit Non-Registered Holders to direct the voting of the shares that they beneficially own. If you are a Non-Registered Holder and you wish to vote at the Meeting in person as proxyholder for the shares owned by you, you should strike out the names of the management designated proxyholders named in the proxy authorization form or voting instruction form and insert your name in the blank space provided. **In either case, you should carefully follow the instructions of your Intermediary, including when and where the proxy, proxy authorization or voting instruction form is to be delivered.**

The materials with respect to the Meeting are being sent to both registered Shareholders and Non-Registered Holders who have not objected to the Intermediary through which their shares are held disclosing ownership information about themselves to the Company (“NOBOs”). If you are a NOBO, and the Company or its agent has sent these materials to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Intermediary on your behalf.

If you are a Non-Registered Holder who has objected to the Intermediary through which your shares are held disclosing ownership information about you to the Company (an “OBO”), you should be aware that the Company does not intend to pay for Intermediaries to forward the materials with respect to the Meeting, including proxies or voting information forms, to OBOs and therefore an OBO will not receive the materials with respect to the Meeting unless that OBO’s Intermediary assumes the cost of delivery.

NOTICE AND ACCESS

In November 2012, the Canadian Securities Administrators announced the adoption of regulatory amendments to securities laws governing the delivery of proxy-related materials by public companies. As a result, public companies are now permitted to advise their shareholders of the availability of all proxy-related materials on an easily accessible website, rather than mailing physical copies of the materials.

This year the Company has decided to deliver the Meeting Materials to Shareholders by posting the Meeting Materials on its website (www.centeneramining.com). The Meeting Materials will be available on the Company’s website as of May 15, 2018, and will remain on the website for one full year thereafter. The Meeting Materials will also be available on SEDAR at www.sedar.com as of May 15, 2018.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

Other than as disclosed elsewhere in this Information Circular, none of the current directors or executive officers, no proposed nominee for election as a director, none of the persons who have been directors or executive officers since the commencement of the last completed financial year and no associate or affiliate of any of the foregoing persons has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting, with the exception of the ratification and approval of the Company’s stock option plan.

VOTING SHARES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

On a show of hands, every individual who is present as a registered Shareholder or as a duly appointed representative of one or more registered corporate Shareholders will have one vote, and on a poll every registered Shareholder present in person or represented by a validly appointed proxyholder, and every person who is a duly appointed representative of one or more corporate registered Shareholders, will have one vote for each common share registered in the name of the Shareholder on the list of Shareholders, which is available for inspection during normal business hours at Computershare Trust Company of Canada and will be available at the Meeting. Shareholders represented by proxyholders are not entitled to vote on a show of hands.

The following table sets out, to the knowledge of the directors and executive officers of the Company, based on public information, those persons or companies who beneficially own, directly or indirectly, or exercise control or direction over, common shares carrying 10% or more of the voting rights attached to all of the issued and outstanding common shares as at the Record Date:

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

None of the current or former directors, executive officers, employees of the Company, the proposed nominees for election to the board of directors of the Company (the “Board of Directors” or the “Board”), or their respective associates or affiliates, are or have been indebted to the Company or its subsidiaries since the beginning of the last completed financial year of the Company.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Other than as disclosed herein, since the beginning of the Company’s last financial year, no “informed person” of the Company (including a director, officer or individual or corporation that beneficially owns or controls 10% or more of the issued and outstanding voting securities of the Company), proposed nominee for election as a director of the Company (“proposed director”), or any associate or affiliate of any informed person or proposed director, has any material interest, direct or indirect in any transaction or any proposed transaction which has materially affected or would materially affect the Company or any of its subsidiaries. See “Interest of Certain Persons or Companies in the Matters to be Acted Upon”.

MANAGEMENT CONTRACTS

Other than as noted below, the management functions of the Company and its subsidiaries are primarily performed by the directors and executive officers of the Company, and not to any substantial degree by any other person with whom the Company has contracted.

Pursuant to a service and office facilities agreement dated July 1, 2015 between the Company and Marval Office Management Ltd. (“Marval”) of Suite 2300 – 1177 West Hastings Street, Vancouver, British Columbia (the “Office Premises”), the Company agreed to pay \$2,000 per month to Marval in consideration of Marval providing office space and furnishings and associated office equipment, communications facilities and secretarial/receptionist services to the Company. Marval is a private company owned by Hendrik van Alphen, a director of the Company and Marla Ritchie, the Corporate Secretary of the Company. Marval subleases the Office Premises from Cardero Resource Corp., a shareholder of the Company.

STATEMENT OF EXECUTIVE COMPENSATION

For the purposes of this Information Circular, a “Named Executive Officer” or “NEO” means each of the following individuals:

- (a) a Chief Executive Officer (“CEO”) of the Company;
- (b) a Chief Financial Officer (“CFO”) of the Company;
- (c) each of the Company’s three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000 for the financial year; and
- (d) each individual who would be a NEO under paragraph (c) but for the fact that the individual was neither an executive officer, nor acting in a similar capacity at the end of the most recently completed financial year.

Compensation Discussion and Analysis

Compensation Committee

The Company has a compensation program. The Compensation Committee relies on the experience of its members to ensure that total compensation paid to the Company’s management is fair and reasonable and is both in-line with the Company’s financial resources and competitive with companies at a similar stage of development.

The Compensation Committee is responsible for assisting the Board in monitoring, reviewing and approving compensation policies and practises of the Company and its subsidiaries and administering the Company’s stock option plan. With regard to the CEO, the Compensation Committee is responsible for reviewing and approving corporate goals and objectives relevant to the CEO’s compensation, evaluating the CEO’s performance in light of those goals and objectives and making recommendations to the Board with respect to the CEO’s compensation level based on this evaluation. In consultation with the CEO, the Compensation Committee makes recommendations to the Board on the framework of executive remuneration and its cost and on specific remuneration packages for each of the directors and officers other than the CEO, including recommendations regarding awards under equity compensation plans. The Compensation Committee also reviews executive compensation disclosure before the Company publicly discloses the information. The Compensation Committee’s decisions are typically reflected in consent resolutions.

The Compensation Committee has the authority to engage and compensate, at the expense of the Company, any outside advisor that it determines to be necessary to permit it to carry out its duties (including compensation consultants and advisers), but it did not retain any such outside consultants or advisers during the financial year ended October 31, 2017.

Currently, the Compensation Committee is comprised of two members, namely, Stephen Pearce and Hendrik van Alphen. Mr. Pearce is independent and has been a Securities lawyer and consultant for various junior public companies; including as Chief Financial Officer and director of Golden Goliath Resources, Wildflower Marijuana Inc. (formerly Sunorca Development Corp.) and Vanadium Resources Inc. As such, Mr. Pearce is knowledgeable as to appropriate factors to consider when determining fair compensation for a reporting issuer's management team and directors and of fair compensation practices.

Mr. Van Alphen is not an independent director of the Company and was the Chief Executive Officer of Cardero Resource Corp. from May 2001 to November 2011, President from April 2000 to June 2011 and President and Chief Executive Officer since March 2013; as well as the President and Chief Executive Officer of Wealth Minerals Ltd. since July 2006 and director since September 2004. In such roles, he has had experience with and understanding of the principles relevant to determining director and executive officer compensation.

Compensation Philosophy

The Company has taken a forward-looking approach for the compensation for its directors, officers, employees and consultants to ensure that the Company can continue to build and retain a successful and motivated discovery and development team and, importantly, align the Company's future success with that of Shareholders.

The Company's compensation strategy is to attract and retain talent and experience with focused leadership in the operations, financing and asset management of the Company with the objective of maximizing the value of the Company. The Company compensates its Named Executive Officers based on their skill and experience levels and the existing stage of development of the Company. NEOs are rewarded on the basis of the skill and level of responsibility involved in their position, the individual's experience and qualifications, the Company's resources, industry practice, regulatory guidelines regarding executive compensation levels.

Under the Company's compensation policies and practices, NEOs and directors are not prevented from purchasing financial instruments, including prepaid variable forward contracts, equity swaps, collars or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the executive officer or director.

The Company has not currently identified specific performance goals or benchmarks as such relate to executive compensation. The stage of the Company's development and the small size of its specialized management team allow frequent communication and constant management decisions in the interest of developing Shareholder value as a primary goal.

The Compensation Committee believes that the compensation policies and practices of the Company do not encourage executive officers to take unnecessary or excessive risk; however, the Board intends to review from time to time and at least once annually, the risks, if any, associated with the Company's compensation policies and practices at such time. Implicit in the Board of Director's mandate is that the Company's policies and practices respecting compensation, including those applicable to the Company's executives, be designed in a manner which is in the best interests of the Company and Shareholders and risk implications is one of many considerations which are taken into account in such design.

Compensation Components

The Board of Directors has implemented three levels of compensation to align the interests of the Named Executive Officers with those of the Shareholders. First, NEOs may be paid a monthly salary or consulting fee. Second, the Board of Directors may award NEOs long-term incentives in the form of stock options. Finally, and only in special circumstances, the Board of Directors may award cash or share bonuses for exceptional performance that results in a significant increase in Shareholder value. The Company does not provide medical, dental, pension or other benefits to NEOs. To date, no specific formulas have been developed to assign a specific weighting to each of these components.

Base Salary

The base compensation of the Named Executive Officers is reviewed and set annually by the Board of Directors, taking into account the recommendations of the Compensation Committee. The salary review for each NEO is based on an assessment of factors such as:

- current competitive market conditions;
- compensation levels within the peer group; and
- particular skills, such as leadership ability and management effectiveness, experience, responsibility and proven or expected performance of the particular individual.

Using this information, together with budgetary guidelines and other internally generated planning and forecasting tools, the Board performs an annual assessment of the compensation of all executive officer compensation levels and then sets the base salaries or consulting fees of the NEOs.

Annual Incentive Plan

Awards under the Company's annual incentive plan are made by way of cash bonuses, which are based in part on the Company's success in reaching its objectives and in part on individual performance. The Board considers and awards annual incentives.

In determining whether to award any annual incentives, the Board reviews corporate performance objectives during the year. During the last financial year, the principal objectives included:

- exploration success, including the discovery of material mineralization in one or more of the Company's properties;
- acquisition of new properties;
- sales and joint ventures of properties and the formation of strategic alliances;
- capital management;
- maintaining compliance with the regulatory and disclosure framework;
- increasing investor interest in the Company; and
- increasing the Company's market capitalization.

The Board assesses each NEO's performance on the basis of his respective contribution to the achievement of corporate goals as well as to the needs of the Company that arise on a day-to-day basis. There were no annual bonuses paid to the NEOs during the last financial year.

Long-Term Compensation

Long-term compensation is paid to NEOs in the form of grants of stock options.

Stock Option Plan

The Company has established a stock option plan (the "Stock Option Plan") to encourage share ownership and entrepreneurship on the part of the directors, senior management, employees and consultants. The Board believes that the Stock Option Plan aligns the interests of Named Executive Officers with the interests of Shareholders by linking a component of executive compensation to the longer-term performance of the common shares.

Options are generally granted on an annual basis, subject to the imposition of trading black-out periods, in which case options scheduled for grant will be granted subsequent to the end of the black-out period. All options granted to NEOs are approved by the Board of Directors.

In monitoring stock option grants, the Board takes into account the level of options granted by comparable companies for similar levels of responsibility and considers each NEO based on reports received from

management, its own observations on individual performance (where possible) and its assessment of individual contribution to Shareholder value.

In addition to determining the number of options to be granted pursuant to the methodology outlined above, the Board of Directors also makes the following determinations:

- the exercise price for each option granted;
- the date on which each option is granted;
- the vesting terms for each stock option; and
- the other materials terms and conditions of each stock option grant.

The Board makes these determinations subject to and in accordance with the provisions of the Stock Option Plan and the recommendations of the Compensation Committee.

Options were granted on May 9, 2017, and November 20, 2017, to directors, officers, employees and consultants of the Company. See “Incentive Plan Awards” below.

Outstanding Share-Based Awards and Option-Based Awards

The following table sets out information concerning all awards outstanding under incentive plans of the Company at the end of the most recently completed financial year, including awards granted before the most recently completed financial year, to each of the Named Executive Officers. An “incentive plan” is a plan providing compensation that depends on achieving certain performance goals or similar conditions within a specified period. The Company does not grant share-based awards.

| Name | Option-based awards | | | |
|--|---|----------------------------|------------------------|---|
| | Number of securities underlying unexercised options (#) | Option exercise price (\$) | Option expiration date | Value of unexercised “in-the-money” options ⁽¹⁾ (\$) |

- (2) Keith Henderson was appointed President and Chief Executive Officer on June 18, 2015.
- (3) Blaine Bailey was appointed Chief Financial Officer on June 18, 2015.

The Board’s approach to issuing options to be granted is consistent with prevailing practice in the mineral exploration industry. Grants of options depend on the length of service of the Named Executive Officer. There are, therefore, no formulae followed or performance goals or significant conditions which must be met before options will be granted. Options are always granted at the prevailing market price of the common shares on the TSX Venture Exchange (the “TSX-V”).

CORPORATE GOVERNANCE DISCLOSURE

National Instrument 58-101 *Disclosure of Corporate Governance Practices* (“NI 58-101”) of the Canadian Securities Administrators requires the Company to annually disclose certain information regarding its corporate governance practices. That information is disclosed below.

Board of Directors

The Board of Directors has responsibility for the stewardship of the Company including responsibility for strategic planning, identification of the principal risks of the Company’s business and implementation of appropriate systems to manage these risks, succession planning (including appointing, training and monitoring senior management), communications with investors and the financial community and the integrity of the Company’s internal control and management information systems.

The Board of Directors sets long-term goals and objectives for the Company and formulates the plans and strategies necessary to achieve those objectives and to supervise senior management in their implementation. The Board delegates the responsibility for managing the day-to-day affairs of the Company to senior management but retains a supervisory role in respect of, and ultimate responsibility for, all matters relating to the Company and its business. The Board is responsible for protecting Shareholders’ interests and ensuring that the incentives of the Shareholders and of management are aligned.

As part of its ongoing review of business operations, the Board of Directors reviews, as frequently as required, the principal risks inherent in the Company’s business including financial risks, through periodic reports from management of such risks, and assesses the systems established to manage those risks. Directly and through the audit committee of the Board, the Board also assesses the integrity of internal control over financial reporting and management information systems.

In addition to those matters that must, by law, be approved by the Board of Directors, the Board is required to approve any material dispositions, acquisitions and investments outside the ordinary course of business,

long-term strategy, and organizational development plans. Management of the Company is authorized to act without Board approval, on all ordinary course matters relating to the Company's business.

The Board of Directors also monitors the Company's compliance with timely disclosure obligations and reviews material disclosure documents prior to distribution.

The Board of Directors is responsible for the appointment of senior management and monitoring of their performance.

The Board of Directors has not adopted a written mandate or code setting out the foregoing obligations, since it believes it is adequately governed by the requirements of applicable corporate and securities common and statute law which provide that the Board has responsibility for the stewardship of the Company. That stewardship includes responsibility for strategic planning, identification of the principal risks of the Company's business and implementation of appropriate systems to manage these risks, succession planning (including appointing, training and monitoring senior management), communications with investors and the financial community and the integrity of the Company's internal control and management information systems.

The Board of Directors is currently comprised of four directors, of which two are independent. A director is "independent" if the director has no direct or indirect material relationship with the Company. A "material relationship" is a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of a director's independent judgement. The independent members of the Board are Stephen Pearce and Anne Labelle. The non-independent members are Keith Henderson and Hendrik van Alphen.

The Board facilitates its exercise of independent supervision over the Company's management through frequent meetings of the Board.

The Board does not hold regularly scheduled meetings without the non-independent directors and members of management. Since the beginning of the Company's last financial year, the independent directors did not hold any ad hoc meetings without the non-independent directors and management.

When a matter being considered involves a director, that director does not vote on the matter. As well, the directors regularly and independently confer amongst themselves and thereby keep apprised of all operational and strategic aspects of the Company's business.

At this time, the Board of Directors does not have a Chairman. In the absence of a Chairman and accordance with the articles of the Company, the President of the Company is responsible for presiding over all meetings of the directors and Shareholders. He is not an independent director; however, the independent directors either have significant experience as directors and officers of publicly traded companies or as members of the financial investment community and therefore, do not require the guidance of an independent Chairman of the Board in exercising their duties as directors.

Descriptions of Roles

The Board of Directors has not established written descriptions of the positions of the Chairman of the Board, Chief Executive Officer or Chairman of any of the committees of the Board (except as may be set out in a charter applicable to a committee) as it feels they are unnecessary and would not improve the function and performance of the Board, Chief Executive Officer or any committee. The role of Chairman is delineated by the nature of the overall responsibilities of the Board or the committee.

The Board has not set limits on the objectives to be met by the Chairman of the Board, but believes that such limits and objectives should depend upon the circumstances of each situation and that to formalize these matters would be restrictive and unproductive.

Other Directorships

The following table sets out the directors of the Company who are currently directors of other reporting issuers:

| Name of Director | Name of other Reporting Issuer |
|--------------------|--|
| Keith Henderson | Cardero Resource Corp. Velocity Minerals Ltd. Pacific Empire Minerals Corp. |
| Stephen Pearce | Ashburton Ventures Inc. Flying A Petroleum Ltd. Metallic Minerals Corp. Golden Goliath Resources Ltd. Wildflower Marijuana Inc. Vanadium Corp Resource Inc. |
| Anne Labelle | Fiore Gold Ltd. |
| Hendrik van Alphen | Blackrock Gold Corp. Cardero Resource Corp. Ethos Gold Corp. Jagercor Energy Corp. Wealth Minerals Ltd. |

Orientation and Continuing Education

While the Company does not have formal orientation and training programs, new Board members are provided with:

1. Information respecting the functioning of the Board of Directors, committees and copies of the Company's corporate governance policies;
2. Access to recent and historical, publicly filed documents of the Company, management reports and the Company's internal financial information; and
3. Access to management, technical experts and consultants.

Board members are encouraged to communicate with management, auditors and technical consultants; to keep themselves current with industry trends and developments and changes in legislation with management's assistance and to attend related industry seminars and visit the Company's operations. Board members have full access to the Company's records.

Ethical Business Conduct

The Board of Directors has not adopted a formal code of business conduct and ethics. The Board is of the view that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

Nomination of Directors

The Board of Directors considers its size each year when it considers the number of directors to recommend to the Shareholders for election at the annual general meeting. The Board takes in to account the number of directors required to carry out the Board's duties effectively and to provide the required skills, independence and experience.

The Board has not established a nominating committee and this function is currently performed by the Board as a whole.

Assessments

The Board of Directors has not established a formal process to regularly assess the Board and the Audit Committee with respect to their effectiveness and contributions. Nevertheless, their effectiveness is subjectively measured on an ongoing basis by each director based on their assessment of the performance of the Board, the Audit Committee or the individual directors compared to their expectation of performance. In doing so, the contributions of an individual director are informally monitored by the other Board members, bearing in mind the business strengths of the individual and the purpose of originally nominating the individual to the Board.

Compensation

The Board of Directors has established a compensation committee. The performance of the President and Chief Executive Officer, Chief Financial Officer and other senior management of the Company is evaluated by the compensation committee members and measured against the Company's business goals and industry compensation levels.

Other Board Committees

The Board has no other committees other than the Audit Committee.

AUDIT COMMITTEE

National Instrument 52-110 *Audit Committees* ("NI 52-110") of the Canadian Securities Administrators requires the Company's Audit Committee to meet certain requirements. It also requires the Company to disclose in this Information Circular certain information regarding the Audit Committee. That information is disclosed below.

Overview

The primary function of the Audit Committee of the Board (the "Audit Committee") is to assist the Board of Directors in fulfilling its financial oversight responsibilities by (i) reviewing the financial reports and other financial information provided by the Company to regulatory authorities and Shareholders; (ii) reviewing the systems for internal corporate controls which have been established by the Board and management; and (iii) overseeing the Company's financial reporting processes generally. In meeting these responsibilities, the Audit Committee monitors the financial reporting process and internal control system; reviews and appraises the work of external auditors and provides an avenue of communication between the external auditors, senior management and the Board of Directors. The Audit Committee is also mandated to review and approve all material related party transactions.

Composition of the Audit Committee

Unless it is a "venture issuer" (an issuer, the securities of which are not listed or quoted on any of the Toronto Stock Exchange, a market in the USA other than the over-the-counter market, or a market outside of Canada and the USA) as of the end of its last financial year, NI 52-110 requires each of the members of the Audit Committee to be independent and financially literate. Since the Company is a "venture issuer" (its securities are listed on the TSX-V, but are not listed or quoted on any other exchange or market) it is exempt from this requirement. In addition, the Company's governing corporate legislation requires the Company to have an audit committee composed of a minimum of three (3) directors, a majority of whom are not officers or employees of the Company or an affiliate of the Company. The Audit Committee complies with this requirement.

The Audit Committee is currently comprised of the following members: Stephen Pearce (Chairman) and Anne Labelle. Each member of the Committee is considered to be "financially literate" as defined by NI 52-110 in that he has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can presumably be expected to be raised by the Company's financial statements. Two of the current members of the Audit Committee, Stephen Pearce and Anne Labelle are independent. To be considered to be independent, a member of the Audit Committee must not have any direct or indirect

“material relationship” with the Company. A material relationship is a relationship which could, in the view of the Board reasonably interfere with the exercise of a member’s independent judgment.

The members of the Audit Committee are elected by the Board of Directors at its first meeting following the annual Shareholders’ meeting. Unless a Chairman is elected by the full Board, the members of the Committee designate a Chairman by a majority vote of the full Committee membership.

Relevant Education and Experience

Stephen Pearce – Mr. Pearce is a practicing lawyer who specializes in corporate and securities work. He serves as a director and officer of several resource related public companies and has a law degree from the University of British Columbia and an economics degree from York University. Mr. Pearce’s experience also allows him to analyze or evaluate the Company’s financial statements.

Anne Labelle – Ms. Labelle is a geologist and lawyer and holds an LL.B. from the University of British Columbia and B.Sc. (Hons) Geology from Carleton University. Ms. Labelle has worked in mineral exploration and development since the mid-1990s. She is currently the VP – Legal and Sustainability for Midas Gold Corporation and her experience with junior resource public companies, venture capital, acquisitions and joint ventures provides her with the expertise to understand and evaluate the Company’s financial statements.

Audit Committee Charter

The Company has adopted a Charter for the Audit Committee which sets out the committee’s mandate, organization, powers and responsibilities, a copy of which is attached hereto as Appendix “A”.

Audit Committee Oversight

Since the commencement of the Company’s most recently completed financial year, the Company’s Board of Directors has not failed to adopt a recommendation of the Audit Committee to nominate or compensate an external auditor.

Reliance on Certain Exemptions

Since the commencement of the Company’s most recently completed financial year, the Company has not relied on an exemption in Section 2.4 of NI 52-110 (*De Minimis Non-audit Services*), Section 3.2 of NI 52-110 (*Initial Public Offerings*), Section 3.3(2) of NI 52-110 (*Controlled Companies*), Section 3.4 of NI 52-110 (*Events Outside Control of Member*), Section 3.5 of NI 52-110 (*Death, Disability or Resignation of Audit Committee Member*) or Section 3.6 of NI 52-110 (*Temporary Exemption for Limited and Exceptional Circumstances*), on an exemption from NI 52-110, in whole or in part, granted under Part 8 of NI 52-110 (*Exemptions*) or on Section 3.8 of NI 52-110 (*Acquisition of Financial Literacy*).

Pre-Approval Policies and Procedures

The Audit Committee has not adopted specific policies and procedures for the engagement of non-audit services. Subject to the requirements of NI 52-110, the engagement of non-audit services is considered by the Company’s Board of Directors, and where applicable the Audit Committee, on a case-by-case basis.

External Auditor Service Fees

The following table sets out the fees paid by the Company to its auditors in each of the last two financial years.

- (3) The aggregate fees billed for professional services rendered by the Company's auditor for tax compliance, tax advice, and tax planning.
- (4) The aggregate fees billed for professional services other than those listed in the other three columns.

Venture Issuer Exemption

Since the Company is a "venture issuer" it relies on the exemption contained in Section 6.1 of NI 52-110 from the requirements of Part 3 Composition of the Audit Committee (as described in "Composition of the Audit Committee" above) and Part 5 Reporting Obligations of NI 52-110 (which requires certain prescribed disclosure about the Audit Committee in the Company's Annual Information Form, if any, and this Circular).

Ratification and Approval of Stock Option Plan

The Stock Option Plan is described under “Executive Compensation – Stock Option Plan”.

The policies of the TSX-V require stock option plans which reserve for issuance up to 10% (instead of a fixed number) of a listed company’s shares be approved annually by its Shareholders. That approval is being sought at the Meeting by way of an ordinary resolution.

Following approval of the Stock Option Plan by the Shareholders any options granted pursuant to the Stock Option Plan will not require further Shareholder or TSX-V approval unless the exercise price is reduced or the expiry date is extended for an option held by an insider of the Company.

Shareholders will be asked at the Meeting to consider, and if thought fit, to approve an ordinary resolution approving and ratifying the Stock Option Plan as follows:

“BE IT RESOLVED THAT:

1. The Company’s Stock Option Plan (the “Plan”) be and is hereby approved, confirmed and ratified, subject to the acceptance of the Plan by the TSX Venture Exchange (the “Exchange”); and
2. Any one director or officer of the Company be, and is hereby, authorized and directed to do all such acts and things and to execute and deliver under the corporate seal of the Company or otherwise all such deeds, documents, instruments and assurances as in his opinion may be necessary or desirable to give effect to the foregoing resolutions, including, without limitation, making any changes to the Plan required by the Exchange or applicable securities regulatory authorities and to complete all transactions in connection with the implementation of the Plan.”

The Stock Option Plan requires approval by a majority of the votes cast by Shareholders present in person or by proxy at the Meeting.

The Board of Directors recommends a vote “FOR” the approval of the resolution approving and ratifying the Stock Option Plan. **In the absence of instructions to the contrary, a properly executed and returned proxy will be voted “FOR” the approval of the resolution approving and ratifying the Stock Option Plan.**

APPENDIX A

Charter of the Audit Committee of the Board

Mandate

The primary function of the audit committee (the “Committee”) is to assist the Board of Directors in fulfilling its financial oversight responsibilities by reviewing the financial reports and other financial information provided by the Company to regulatory authorities and shareholders, the Company’s systems of internal controls regarding finance and accounting and the Company’s auditing, accounting and financial reporting processes. Consistent with this function, the Committee will encourage continuous improvement of, and should foster adherence to, the Company’s policies, procedures and practices at all levels. The Committee’s primary duties and responsibilities are to:

- Serve as an independent and objective party to monitor the Company’s financial reporting and internal control system and review the Company’s financial statements.
- Review and appraise the performance of the Company’s external auditors.
- Provide an open avenue of communication among the Company’s auditors, financial and senior management and the Board of Directors.

Composition

The Committee shall be comprised of three directors as determined by the Board of Directors, the majority of whom shall be free from any relationship that, in the opinion of the Board of Directors, would interfere with the exercise of his or her independent judgment as a member of the Committee.

At least one member of the Committee shall have accounting or related financial management expertise. All members of the Committee that are not financially literate will work towards becoming financially literate to obtain a working familiarity with basic finance and accounting practices. For the purposes of the Company’s Charter, the definition of “financially literate” is the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can presumably be expected to be raised by the Company’s financial statements.

The members of the Committee shall be elected by the Board of Directors at its first meeting following the annual shareholders’ meeting. Unless a Chair is elected by the full Board of Directors, the members of the Committee may designate a Chair by a majority vote of the full Committee membership.

Meetings

The Committee shall meet at least twice annually, or more frequently as circumstances dictate. As part of its job to foster open communication, the Committee will meet at least annually with the Chief Financial Officer and the external auditors in separate sessions.

Responsibilities and Duties

- (i) Review and pre-approve all audit and audit-related services and the fees and other compensation related thereto, and any non-audit services, provided by the Company's external auditors. The pre-approval requirement is waived with respect to the provision of non-audit services if:
 - i. the aggregate amount of all such non-audit services provided to the Company constitutes not more than five percent of the total amount of revenues paid by the Company to its external auditors during the fiscal year in which the non-audit services are provided;
 - ii. such services were not recognized by the Company at the time of the engagement to be non-audit services; and
 - iii. such services are promptly brought to the attention of the Committee by the Company and approved prior to the completion of the audit by the Committee or by one or more members of the Committee who are members of the Board of Directors to whom authority to grant such approvals has been delegated by the Committee.

Provided the pre-approval of the non-audit services is presented to the Committee's first scheduled meeting following such approval such authority may be delegated by the Committee to one or more independent members of the Committee.
